

## Entry and Exit Points

- **Arrival to school:**
  - Prioritize overall safety considerations in planning school arrival/exit
    - e.g. child welfare, preventing intruders and weapons
  - As practical, consider assigning multiple entry points or staggering arrival times to avoid crowding in entry areas.
  - Post appropriate signage and reminders about the health and safety requirements that everyone needs to follow.
  - Ensure hand washing or sanitization is available upon entry, as well as appropriate disposal containers.
  - Ensure that all students, staff, and visitors, with noted exceptions for medical needs, are wearing masks covering their nose and mouth.
  - Ensure that additional masks are available at the entry, as may be necessary.
  - Consider having staff monitor entry to ensure everyone properly disinfects their hands and is wearing masks.
  - While there are no screening procedures required at the point of entry, school staff should observe students upon entry and throughout the day and refer students who may be symptomatic to the school healthcare point of contact.
  
- **Limit contact with doors:**
  - If allowed by school safety guidelines, consider keeping doors propped open during entry/exit times, if constantly monitored.
  - Consider installing touchless doors as feasible.
  
- **Dismissal from school:**
  - Consider designating multiple exit points, staggering dismissal times, and monitoring handwashing or hand sanitization upon exit.
  - Before students are dismissed, confirm they have gathered all personal belongings before leaving, especially those that require cleaning at home.
