

## Signage

Ensure clear and age-appropriate signage is posted in highly visible locations throughout school property, reminding students and staff to follow proper health and safety protocols. Example signage on [how to wear masks](#) and [reminders to wash hands](#) are provided by both the DPH and CDC. Signage should be translated into a language understood by each student.

Signage should be posted in the following key areas (non-exhaustive):

- **Handwashing and hand sanitizing stations:**
  - To remind individuals of the proper way to clean and sanitize hands
- **Bathrooms:**
  - To remind individuals to properly clean and sanitize hands, utilize no-touch solutions as much as possible
- **Entry/exits:**
  - To remind students to wear masks and maintain physical distance
- **Eating areas:**
  - Use markers to map out entry/exit flow for students, to space out lines for students picking up their meals, and to identify distancing between students as they eat.
  - Post signs to remind students to avoid sharing food, utensils, and drinks
- **Mask break areas:**
  - To remind individuals to maintain 6 feet of physical distance and to follow correct mask removal procedure
- **Classrooms:**
  - To remind individuals of physical distancing, reduce sharing of items, and keep masks on
- **Around playgrounds:**
  - To encourage physical distancing while outside and maintain cleaning and disinfecting of high-touch areas
- **Hallways:**
  - Use well-marked lines on the floor to encourage physical distancing and indicate direction of travel, especially in small hallways.
  - Include signage to safety procedures (e.g., wearing of masks)
- **Next to frequently shared equipment:**
  - Post signs to remind students and staff to wipe down frequently shared equipment (e.g., computers and keyboards) before and after use
- **Areas where queuing may occur:**
  - Use well-marked lines on the floor to encourage physical distancing
- **Closed areas:**
  - Mark off closed areas
